Acknowledgement

Foremost, I would like to express my sincere gratitude to my advisor **Dr. Priya Ranjan Sinha Mahapatra**, Professor, Department of Computer Science, University of Kalyani and **Dr. Soumen Atta** for their continuous support and help in all the stages of preparing the report. Their guidance helped me in all the time writing this thesis. Beside my advisor, I am also thankful to all the professors of CSE Department for their encouragement during my entire project period. My sincere thanks also goes to all the staff members and all the scholars of the Department of Computer Science and Engineering, University of Kalyani for their help, encouragement and moral support.
